Ariane Fine Porcelain

The successful combination of professional experience, creativity, unique technical know-how and the care given to the fine details, make Ariane Fine Porcelain one of the leaders of the porcelain industry.

Thanks to our technical know-how, the latest generation of industrial equipment, and a creative team of experts, a high-quality durable product is born, suitable for all professional hospitality businesses, offering a range of options from the most refined restaurants to the more demanding catering segment.

All our collections are designed by industry professionals for industry professionals, encompassing creativity, functionality, durability and timelessness.

Chairman message

It gives me great pleasure and honor to introduce to you Ariane Fine Porcelain products.

Our long and successful experience in the field of ceramics & porcelain tableware, combined with creativity, technical know-how and knowledge of the international market led us to create a new entity, Ariane Fine Porcelain.

At Ariane Fine Porcelain we strive to produce designer collections with the best possible quality, to suit most trends and satisfy our customers' requirements.

We will not spare any effort to give the best services to our clients. By dealing with us you will enjoy the difference.

Dr. Khater Massaad
Chairman

Designers

Dominique & Alain Vavro

Our designers Alain and Dominique Vavro work with two heads, four hands and thousand colors. Specialized to the vibrations of the masters' paintings, Mondrian's constructions and the furious Picasso, they remain faithful to pens, pencils, paintbrushes and tracing paper, allies that enable them to extend their ideas and catapult their images.

Dubbed by the greatest, introducing Bocuse, they have explored for more than twenty years, the constantly changing world of porcelain and tableware. Depositories of the designs for Ariane Fine Porcelain's new collections, they lend their experience and sensitivity at the service of this great project to make this company an aesthetic leader of high-end porcelain tableware.

Nilo Gioacchini

Nilo Gioacchini's work touches various product sectors and is characterized by a methodological approach a concrete, pragmatic attitude to projects free from any conventionalism in terms of specialization or trends.

Through his 35 years of professional activity he has worked with many renowned Italian and international companies and has received considerable international recognition through his active participation in important national and international

trade shows including the "National Mobile Fair Competition" in Trieste the Bayer Italia Special Award and Abet Print Award.

Nathalie Douce

Nathalie Douce is a self-taught multidisciplinary visual artist-designer, whose work is strongly inspired by nature and surroundings, from which she draws strength and equilibrium.

Resolutely contemporary, she explores existing materials which she mixes and masters giving them strength and expression in an aesthetic, practical and at times poetic outputs.

A prolific creator working on unique and personalized objects through interior designs (objects, furniture and decorations) she now touches essentially on design.

Collection

The Brasserie range aims to be more generic, convenient to the largest number of venues through its practicality.

This collection boasts numerous functionalities, with the product attributes of high resistance, a five-year guarantee against rim-chipping, and stack-ability.

Quality without Compromise

Dishwasher Safe

Our extremely high firing temperature allow colors, patterns and design elements to fuse permanently with the body of the product, making it highly resistant to repeated dish washing cycles at any temperature.

High Chip Resistance

The significant composition of high alumina raw material offers strength and resistance against chipping at critical points such as edges of cups, plates and handles. This configuration reinforces the porcelain, reducing risk of breakage and increasing the product's endurance.

Microwave & Salamander Safe

High temperature firing imparts safety from microwave and salamander deterioration.

Sleek & glossy Appearance

The special glaze fired at high temperatures not only gives all our products a smooth and polished finish, but also ensures a non-porous surface for higher levels of hygiene.

Limited Danger in Case of Breakage

The products are designed to avoid breakage hazards, as they break cleanly into safely manageable pieces.

Thermal Shock Proof

Ariane Fine Porcelain not only retains heat to keep the food warm, but is also resistant to variations in temperature.

Absolute Functionality

All our designs focus on sheer functionality to conform to industry guidelines. Most of our items are stackable including cups, bowls and platters, a design ingenuity that facilitates efficient optimization of space.

Abrasion Proof

The extraordinary glazing fired under highly controlled conditions ensures strong resistance to scratches and abrasions.
